|  AN INNOVATION OF JEWELRY | Announcement | Document No. | ART-MR-011 |
| | Re: Energy Conservation Policy | Revision No. | 00 |
| | | Effective Date | September 10, 2024 |

Art Event Company Limited realizes that energy conservation is an important issue which will greatly benefit the company, the country and sustainability. There fore, we believe that it is necessary to have a suitable operation system and its continuous implementation with attention, understanding, interest, and cooperation from all sections to achieve long term results as specified in the objectives. To enable such policies to become concretely effective and to achieve the targets, some conduct guidelines are determined as follows.

1. Save energy by using it properly. Develop values and awareness in utilizing energy effectively.
2. Be aware of the value of energy. Planning and controlling systems should be developed in order to use energy at the full capacity and for maximum benefits.
3. Be aware of the value of energy. Planning and controlling systems should be developed in order to use energy at the full capacity and for maximum benefits.
4. Choose tools and equipment with high efficiency. For example, install motion sensor lamp or choose LED light bulb, etc.
5. Apply circular economy. For instance, repair broken products, reduce throwing things away if not necessary, or convert waste into reusable material by applying 3Rs: Reduce, Reuse, Recycle.

This announcement is hereby issued for your information and collective compliance.

(Mr. Kangwan Piankijagum)

Managing Director
