		Revision No.	00
		Effective Date	January 12, 2026

Art Event Company Limited recognizes the impacts of climate change on the global environment, economy, and society, and acknowledges the important role and responsibility of organizations in contributing to the reduction of greenhouse gas emissions throughout the supply chain.

Accordingly, the Company hereby declares its commitment to achieving Net Zero Greenhouse Gas Emissions by the year 2050, in alignment with the objectives of the Paris Agreement and the global pathway to limit the increase in average global temperature to no more than 1.5 degrees Celsius. The Company's commitment is guided by the following principles and implementation framework:

1. The Company shall measure and prepare greenhouse gas emissions inventories and reports in accordance with internationally recognized standards.
2. The Company shall establish greenhouse gas emissions reduction targets.
3. The Company shall prioritize emissions reduction before the use of carbon offsetting.
4. The Company shall continuously improve its production processes and operational practices to reduce energy consumption.
5. The Company shall promote the use of energy-efficient technologies and equipment to reduce energy consumption.
6. The Company shall consider the use of renewable energy where feasible.
7. The Company shall consider carbon offsetting for emissions that cannot be eliminated, selecting offset projects that are credible, verifiable, and aligned with internationally recognized standards.
8. The Company shall regularly monitor, measure, and review progress toward reducing greenhouse gas emissions.
9. This policy shall be reviewed periodically, or at least annually, to ensure alignment with advances in climate science and evolving international best practices.

This announcement is hereby issued for your information and collective compliance.

Signed
